Description

A superb example of Bavaria's stylish and highly sought-after Sport 35 Hard Top, combining sleek European styling, impressive performance and genuine cruising comfort. This 2013 Bavaria is an ideal sports cruiser for entertaining, weekend escapes and extended coastal cruising.

Powered by twin MerCruiser 5.0 MPI engines, producing 260 hp each, and matched to Bravo III stern drives, she delivers strong performance with excellent manoeuvrability and confident handling. With just 315 engine hours, she represents an appealing opportunity for those looking for a well equipped, low hour sports cruiser.

The elegant hard top provides excellent protection from the elements, while the large opening roof, expansive windscreen and side windows create a bright, open and enjoyable cockpit environment. A bow thruster further enhances manoeuvrability, making marina berthing considerably easier.

Below deck, the Bavaria offers a bright and comfortable interior with a two-cabin layout and four berths. The generous forward cabin provides comfortable sleeping accommodation, while the aft cabin offers additional berths with flexible sleeping arrangements.

The saloon provides a welcoming space for dining and relaxing, complemented by a practical galley with stainless steel sink, refrigeration and ample storage.

The spacious cockpit is perfectly suited to entertaining, featuring generous seating, a dedicated sun-lounging area and easy access to the large swim platform.

The hard top and wide windscreen provide excellent protection while retaining the open air feel expected of a modern sports cruiser. Wide side decks and a practical deck layout provide easy and secure movement around the vessel.
